Q&A Moderators

Ricardo Munoz

Edgar Oviedo

Workshop Production

The 2021 workshop was and is presented in three ways.

- First, 14 presentations were recorded by the speakers and housed on a learning management site platform for viewing beginning February 26, 2021. A registrant could view all the presentations on their own time and complete the workshop by attending the live Q&A sessions held on March 13th and 14th. Recorded presentations were available in English and Spanish and abstracts were posted in English, Spanish and Portuguese.
- Second the full program was broadcasted on March 13th and March 14th. All the recorded presentations were shown one after the other. Both days of programming ended with a live Q&A session.
- The workshop continues to be offered on the learning management site with 14 presentations and two recorded Q&A sessions. The workshop will be available for at least one year.

CE Credit

This program is approved for 8 hours of continuing education credit in jurisdictions that recognize RACE approval. To receive CE credits, registrants must successfully pass a quiz for each presentation. Quizzes are found on the learning management site (LMS)

Course Quizzes As of 3-22-21	Total downloaded	Total complete	Percent complete	Lesson progress average	Course progress average
