Origin and Evolution of the AAAP: 50 Years of Dedication and Accomplishment – this is a 50-page history on the first 50 years of AAAP, written by Dr. Dick Witter based on his extensive research for his history lecture in 2007. This piece is currently on the AAAP website, but likely unknown to most of the membership. [http://www.aaap.info/assets/History/witter\\_12\\_2011.pdf](http://www.aaap.info/assets/History/witter_12_2011.pdf)
  - vii. Changes to AAAP during the last 10 years – we propose this as either a new piece or expansion of the previous item, focusing on the most recent era which includes the entire time under the new leadership of the business office with Bob and Janece Bevans-Kerr. Dr. Chuck Hofacre has offered to be an advisor of this section, but not the author. We envision someone writing this chapter with guidance from Dr. Hofacre and the business office.
