

# Annual ACPV Approved Training Program Review Form

Updated March 2011

Review Date:	
--------------	--

**1. Name of Training Program and Address:**

**Poultry Diagnostic Medicine  
Residency, Purdue University  
Animal Disease Diagnostic  
Laboratory and Dept.  
Comparative Pathobiology,  
406 S. University St., West  
Lafayette, IN 47907**

**2. Training Program mission, goals and objectives:**

**Mission:** The ADDL Poultry Diagnostic Medicine endowed program was established to provide education in poultry medicine for post DVM, DVM and undergraduate students in poultry medicine in order to insure an adequate number of trained individuals to provide service to the poultry industry.

**Goals:** The primary goals of the program are to give the resident adequate training in poultry practice in order to take the American College of Poultry Veterinarians board exam and to acquire an entry-level position in the poultry industry upon completion of the program. Part of the requirements for sitting the boards also includes the writing of 3 publication ready papers which will be expected of the resident. If so desired, the resident may take the American College of Veterinary Pathologists board exam in lieu of the ACPV.

**Objectives:**

**1) To provide residency training in epidemiology, diagnosis, clinical management, extension and prevention of economically important diseases in domestic poultry species.**

**2) To provide experience in designing, implementing and reporting clinical research trials and/or case reports related to poultry diseases and their management.**

**3) To provide assistance to senior clinicians in the delivery and administration of clinical poultry medicine services to clients of the ADDL.**

**4) To provide limited experience in teaching clinical poultry medicine to veterinary students on the Avian Block and other PVM courses.**

**3. Affiliated University(s):** Purdue University

**4. Primary Program Contact:** Patricia S. Wakenell

**5. When do your students graduate from the program?** Circle all that apply

May

AugustXXXXX

December

**5. ACPV Diplomate Faculty Members:**

See below

3. Dr. Willie Reed, Dean, School of Veterinary Medicine, Purdue University, 406 S. University St., West Lafayette, IN 47907, 765-494-7608; ACPV and ACVP diplomate, [wreed@purdue.edu](mailto:wreed@purdue.edu)
4. Dr. Eric Gingerich, Diamond V, 6514 Hyde Park Dr., Zionsville, IN 46077, 317-645-6622; AVPV diplomate, [egingerich@diamondv.com](mailto:egingerich@diamondv.com)

2015 Review Notes Dr. Sue Ann Hubbard, MS, ACPV Diplomate:

The program offers a Master's degree in avian medicine. They have 3 resident and 1 affiliated faculty members. There are currently 2 students enrolled. New funding was received for this program. The program is meeting all criteria for an approved ACPV training program. The program is active. Student performance and review could be more clearly defined in the future.
