

21st Annual Report
American Association of Avian Pathologists Foundation
For the year ending April 30, 2010

The 2009/2010 financial compilation of the AAAP Foundation, Inc. by G. Michael Smith and Associates, Bogart, Georgia has been sent to the audit committee and is included in the agenda material for all board members.

The Kenneth Eskelund Preceptorship Committee reviewed 7 applicants this year. All applicants were approved (including 1 late) and funded at \$1,300 each. We continue to have a strong pool of applicants and I would encourage members to continue to stimulate more veterinary students to apply.

The decision was made in 2004 to invest \$300,000 of the foundation's assets with Marin Financial advisors into a diversified conservative portfolio of Charles Schwab. Our investment has done very well since then with a 3.22% rate of return vs. less than 2% return on \$300,000 in certificate of deposit by AAAP, Inc. Overall, our investment has grown \$26,708 this past year from \$432,934 (FY08-09) to \$459,642 (FY09-10). The income from the \$70,000 C.D. was \$_____ and a new C.D. invested at ____%.

This past year, we transferred the management of the \$12,401 invested in the Southern Company bequeathed to AAAP Foundation, Inc. by our late member Richard Rimler to Marin Financial advisors to manage for us.

In order to account for any gain/loss by each fund, each of the named funds are given a percentage of the total amount based upon the percentages they represented at the time the original \$300,000 was invested. The percentages used are Ken Eskelund Preceptorship (23%), Reed Rumsey Student Award (14%), Lasher-Bottorff (21%), Bayer-Snoeyenbos (13%), Richard B. Rimler (7%), L. Dwight Schwartz (9%) and Calnek Applied Poultry Research (13%).

The interest and donations this past year resulted in the following balances for each fund: Ken Eskelund Preceptorship \$100,322; Reed Rumsey Student Award \$52,225; Lasher-Bottorff \$78,289; Bayer-Snoeyenbos \$50,359; Richard B. Rimler \$31,465; L. Dwight Schwartz \$62,428; Calnek Applied Poultry Research \$49,406; and the A.S. Rosenwald fund \$8,501. The unrestricted general fund had \$26,206.

We must thank a long list of members and families of members who had generous donations to the Foundation this past year in the amount of \$4,672.

The Foundation made contributions of educational material to veterinarians or veterinary schools in _____.

This annual report is respectfully submitted to the AAAP Foundation Board July 31, 2010.

Respectfully submitted,

Charles L. Hofacre
Secretary-Treasurer
AAAP Foundation, Inc.
